EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Cancel claims 6-11.

As per the office action of March 13, 2006, the response to the restriction requirement was considered to be not properly traversed, and therefore was held as an election without traverse. Being that the subject matter of a specific species was added to the independent claim, there was no generic claim left in the case to the remaining non-elected species therefore the claims to the remaining species was not allowable based upon a generic claim and therefore are being canceled in that such were withdrawn without traverse.

This application is in condition for allowance except for the presence of claims 6-11 directed to species non-elected without traverse. Accordingly, claims 6-11 been cancelled.
